Spread Rates cost will be impacted by the Dwell time,
(How Long the product lasts on the ground)

Test Data Results for the Three Ice Melt Products

2 hr. 46 min *

22 minutes *

6+ hr. *

* Test based on 1 sample packet submersed 100% in 1/10 inch of water until dissolved.

COMMENTS

Dwell Time Impacts Overall Application Cost

Based on not allowing the ice to refreeze after melted and applying the dwell times to an 8 hour day of applications for 100 Sq. Yds. the daily cost/use is as follows:

\$13.09 per application x 3 = **\$39.29 per day**

\$4.29 per application x 16 = **\$68.68 per day**

\$14.30 per application x 2 = **\$28.60 per day**

Safe Step[®] PRO SERIES[™]

For the Jan/San Professional

The HIGHER the number the BETTER the product
 The LOWER the number the more ECONOMICAL the product
 The package says what it is – no guess work

An all encompassing, GOOD – BETTER – BEST offering
